

ISLAY MIST

BLENDED SCOTCH WHISKY

THE ORIGINAL
PEATED BLEND

ISLAY MIST 8-YEAR is a unique blend of whisky distilled at the famed Laphroaig Distillery and exceptional Speyside malt that results in a smooth flavor profile.

Islay Mist was created on the Scottish island of Islay in the 1920's to celebrate the 21st birthday of Lord Margadale. To this day, the whisky is the world's only blended Scotch permitted to use the word "Islay" in its name, which is fitting given the fact that Islay is an integral part of the DNA of the whisky and the brand.

The blend combines bold, peaty flavors expected of Islay whiskies with more gentle, seductive tones common of Speyside malts. Islay Mist 8-Year offers aromas of sea air, peat, and light smoke. On the palate, the whisky delivers wispy peat smoke infused with citrus fruits, cinnamon, honey and lingering hints of salt with layers of smoke on the finish.
