For The Perfect Sicilian Spritz!

AMARO DELL'ETNA

ETNA SPRITZ®

APERITIVO ITALIANO SICILIAN BLOOD ORANGE LIQUEUR

Our estate-grown Sicilian blood oranges are the predominant ingredient that gives a unique taste to the product. Mt. Etna provides the optimal climate that drives a deep pigmentation & robust bitter flavor naturally. These oranges earn their red coloring from the extreme climate Etna offers topped with its beautiful volcanic soil.

ORIGINS OF THE SPRITZ

The origin of the spritz can be traced back to the beginning of the 19th century, with the 1950's giving rise to a new trend of enjoying a spritz as an aperitif & quickly becoming one of the most-consumed cocktails in the world.

► FUN FACT

The IGP Protected Geographical Indication is a quality mark of Sicilian blood oranges, used to identify some varieties of oranges grown in numerous areas in the provinces of Catania, Enna, & Syracuse.

Tasting Notes

ESTATE-GROWN IGP SICILIAN BLOOD ORANGES WITH A FRESH SUNNY CITRUS & NATURAL CLEAN BITTER ESSENCE.

1 part Soda Water

2 parts Etna Spritz

3 parts Sparkling Wine
