

BURMESTER WHITE PORTO

Region
Douro

Grape Varieties Touriga Nacional, Touriga Franca and Tinta Roriz

Tasting Notes Lively citrine color with greenish reflexes. Rich and complex nose, dominated by floral aromas and an intense expression of fruit. Smooth and silky in the taste, reveals a great freshness, good balance and sophisticated elegance.

A delicious aperitif served fresh, simple or with toasted almonds and dried fruits. Its freshness and lightness makes it the perfect choice to serve with a salad of fresh figs and smoked ham, or a tempting grilled sole with almond crust. This versatility is extended to desserts, pairing brilliantly with tropical fruits, such as a carpaccio of mango and papaya.
