

CHÂTEAU MARIS

ABOUT THE BRAND

Château Maris is a pioneering organic and biodynamic estate in the heart of France's Minervois region, where winemaking is guided by a deep respect for nature and terroir. Founded by Robert Eden, the estate was built on the belief that great wines begin with living soils, leading to regenerative farming practices that enhance biodiversity and vine health. Château Maris is also home to the world's first hemp-constructed winery, a symbol of its commitment to sustainability, innovation, and reducing environmental impact. The wines reflect the rugged beauty of the Languedoc, offering purity, balance, and a true expression of Mediterranean climate and ancient soils. Today, Château Maris stands as a global leader in sustainable viticulture, crafting wines that honor both tradition and the future of the planet.
