

DR. FISCHER ESTATE RIESLING

Region	Soil	Elevation	Alcohol
Mosel	Devonian Eroded Slates	100–175 Meters	11%

Vineyard Selected Mosel Vineyards

Grape Varieties Riesling

Vinification In March 2014, Martin Foradori Hofstätter seized the welcome opportunity to revitalize the historic “Weingut Dr. Fischer” on the Saar. The small, internationally acclaimed winery cultivates Riesling in the top class, steep sites “Bockstein” and “Saarburger Kupp”.

“In the greatest vintages, the best Mosel wine comes from the Saar,” is a regional vintner saying.

Age of Vines 5–35 years

Tasting Notes This Riesling is the excellent entry-level wine in the quality hierarchy of wines of designated origin. The wine appears in an intense straw yellow colour, with a bouquet of the classic Mosel - “slate note” and with an accent of the fresh notes of citrus fruits.
