2023 ERUPTIO BLEND

Region	Soil	Elevation	Alcohol
Azores, Pico Island	Volcanic	100m	12.5%

Vineyard Various vineyards

Grape Varieties Arinto dos Açores, Verdelho and Terrantez do Pico

Vinification The grapes come from all over the Island of Pico. It is the result from different varieties, sun exposure, diverse sorts of volcanic soils. The grapes were fully destemmed before being pressed.

Aging The different varieties are individually aged in stainless steel vats and aged on fine lees for 6 months, keeping the temperature and oxidation low to maintain the wine's fresh character.

Tasting Notes Greenish-yellow color. Aroma of ripe citrus and tropical fruits on a background of seaweed, reminiscent of the sea breeze in a volcanic environment. This wine is round with a vibrant acidity and a saline finish.
