FRIDA KAHLO RED BLEND

Region	Soil	Elevation	Alcohol
Apalta, Cochagua Valley	Granite soils with some clay content	200 Meters	14%

Vineyard Our vineyard is located in the piedmont of Apalta where the granitic soils with some clay content and slopes manage to moderate the vigor of the vineyard. Apalta has a Mediterranean climate, with daytime temperatures of 29°-33°C and lower night temperatures.

Grape Varieties Cabernet Sauvignon
Carmenere
Syrah

Vinification The grapes were carefully harvested in our vineyard. Alcoholic fermentation took place in stainless steel tanks at 28°-29°C (82°-84°F). The total maceration period was of 14-18 days. The wine was aged in French oak barrels and in stainless steel tanks for 14 months.

Aging The wine was partially aged in French oak barrels and Stainless steel tanks for 14 months.

Tasting Notes Our Red Blend has an intense dark purple colour. The nose is rich and very honest to the variety showing blackberries, spices and tobacco. Soft touches of pepper and cedar add complexity. The palate is generous, with supple texture and sweet, smooth tannins. The wine has persistency and great length.
