

# 2024

## MONTARIA WHITE

**Region**  
Alentejo

**Soil**  
Clay

**Elevation**  
653 meters

**Alcohol**  
12.5%

**Vineyard** Montaria

**Grape Varieties** Antão Vaz  
Arinto

**Vinification** All wines were made from grapes planted at Herdade da Candeeira and Herdade da Vigia. The grapes were harvested in the best plots and fully destemmed on arrival at the winery. These wines were vinified in small stainless steel vats at a controlled temperature. Subsequently, some were bottled in order to preserve their young and fresh character, while others were deposited in oak barrels, where they remained for a few months, which gave them complexity and structure.

**Aging** Stainless steel

**Tasting Notes** Citrus color, stone fruit aromas (plum and apricot) with minerality hints. Fresh on the mouthfeel with a balanced acidity.

**#466682**
