# FRENCH GIN

Our Distilled Gin is made with French winter wheat alcohol & a selection of 12 botanicals: juniper, green cardamom, orris root, ginger, clove, angelica, cinnamon, cubeb, coriander, nutmeg, bitter almond & organic Mediterranean bergamot.

Each botanical is macerated in alcohol & then distilled in a small copper pot still, heated by vapor in a "bain-marie" style. The distillates obtained through that process are then carefully blended to bring out the best of each botanical & exalt the Mediterranean bergamot.

**NOSE:** Uplifting fragrances of lime, grapefruit & flowers freshly picked from the garden.

**PALATE:** Lively & powerful, carried by citrus fruit, menthol & spices (cinnamon, cubeb, cardamom). The dominant juniper start is tailed by bergamot & ends in a fresh & persistent fashion.

**NAUD BEST SERVE:** Negroni - gin, sweet vermouth, Campari®.

**ALCOHOL CONTENT:** 88-proof.

## AWARD-WINNING NAUD FINE SPIRITS
