FRENCH VODKA

NAUD French Vodka is made from French winter wheat harvested in the Champagne-Ardenne region, in the North of France. It is the same quality of wheat used for bakery.

Our Vodka is distilled 5 times on columns with plates. To bring extra roundness & smooth spice notes, our Vodka is distilled a 6th time in a typical Charentais copper pot still, before being blended with spring water, naturally filtered through the limestone soil of our estate.

NOSE: Subtle fragrances of malted barley, tea cakes & roasted hazelnuts.

PALATE: Strong & smooth, with persistent notes of roasted rice (typical of Genmaicha tea) & nougat.

NAUD BEST SERVE: Vodka Martini - dry vermouth, olive or lemon peel to garnish.

ALCOHOL CONTENT: 80-proof.

AWARD-WINNING NAUD FINE SPIRITS
